📄 END USER LICENSE AGREEMENT (EULA) — GetOverX Shield

Last updated: January 2026

1. Introduction

This End User License Agreement ("Agreement") is a legally binding contract between you ("the User") and **getoverx.com**, owner of the software known as **GetOverX Shield** ("the Software"). By installing or using GetOverX Shield on **Windows, macOS, or Linux**, you accept all the terms described below.
If you do not agree, you must uninstall the Software immediately.

2. License Grant

The Company grants you a revocable, non-exclusive, and non-transferable license to install and use GetOverX Shield on the number of devices permitted by your purchased plan (Core, Pro, Enterprise, Server, or Legacy Edition).

Single license for all platforms: Unless otherwise stated in your plan, the same license grant applies to the Software on **Windows, Linux, and macOS**. You may use GetOverX Shield across these platforms under the same license terms, subject to device limits and activation rules.

The license is granted solely for cybersecurity purposes, including:
• Antivirus scanning
• Firewall configuration
• HIPS behavioral monitoring
• Sandbox testing
• Endpoint threat response
• Secure data handling
• Security reports and analytics

Any use outside these purposes is prohibited unless explicitly authorized by the Company.

3. Editions Covered

This Agreement applies to all editions of GetOverX Shield, including:
• Core
• Pro
• Enterprise (Cloud Panel + Security Profiles)
• Server Edition

4. License Activation and Validation

To operate correctly, the Software performs:
• Local license key validation
• Cryptographic integrity checks

• Online validation via the official licensing server
• Device-based activation limits according to your plan

Failure to validate may result in restricted functionality.

5. Software Updates

The Company may provide:
• Security patches
• Core engine improvements
• Feature upgrades
• Performance enhancements
• Compatibility updates

Some enhancements may require an active subscription.

6. Third-Party Component (ClamAV)

GetOverX Shield may include a third-party component used for malware scanning: **ClamAV**.

- **ClamAV** is provided under its own license terms.

- ClamAV is not owned by getoverx.com and is provided "as is" under the original authors' licensing conditions.

- Your rights and obligations regarding ClamAV are governed by the ClamAV license, not by this Agreement.

- A copy of the ClamAV license is included with the Software distribution where applicable.

7. User Restrictions

You are prohibited from:
• Reverse engineering the proprietary parts of the Software
• Modifying or bypassing the licensing system
• Using the Software for unlawful or malicious purposes
• Redistributing the proprietary components without permission
• Selling or sublicensing the proprietary parts
• Tampering with integrity checks or security protections

Violation results in automatic termination of the license.

8. Security Features

GetOverX Shield provides:
• Antivirus detection
• HIPS behavioral analysis
• Sandbox execution
• Network protection

• File monitoring
• Endpoint event logging
• System integrity checks
• Optional remote support (if available in your edition)

These features assist in improving security but cannot guarantee absolute protection against cyberattacks.

9. Data and Privacy

The Software may collect non-personal diagnostic or security data, including:
• OS information
• Threat detection logs
• Process activity alerts
• License activation data
• Crash reports

The Software does not collect personal files, documents, or user content.
Collected data is used exclusively for product improvement, security analysis, and licensing compliance.

10. Cloud Services (Enterprise)

Enterprise editions may include:
• Security profiles
• Centralized reporting
• Cloud management
• Device policy synchronization
• Multi-device monitoring

Cloud features require an active internet connection.

11. Disclaimer of Warranty

The Software is provided "as is" without warranties of any kind.
The Company does not guarantee:
• Full immunity to malware
• Protection against all threats
• Zero false positives
• Complete OS compatibility
• Perfect compatibility with all third-party software

You assume all risks associated with using the Software.

12. Limitation of Liability

The Company is not liable for:
• Data loss

• Business interruption
• Hardware damage
• Security incidents caused by user negligence
• Conflicts with third-party tools
• Indirect, incidental, or consequential damages

Liability is limited to the amount paid for the license.

13. Termination

The license terminates immediately if:
• You violate any term of this Agreement
• Tampering is detected
• Fraudulent use occurs
• The license expires

Upon termination, you must uninstall the Software.

14. Governing Law

This Agreement is governed by the applicable international principles of electronic commerce and software licensing.
